THE SEMI-FINALIST in the Miss Highlander contest were left to right: Mary Mead who in the finals was given second place; Donna Komarowski who was chosen third; Annoula LaLone, Bonnie Thibault; Diane Brown given the title and Jan Santillo. Judges were: Mr. Heck, William Davis and Mr. Gersh.

Diane Brown Awarded Miss Highlander Title

Diane Brown has been selected as Miss Highlander 1967. She was awarded the title by Jim Burke, owner of Highlander Liquor Store and sponsor of the contest.

In front of the Conglomerate Shop's elegant black and white edifice, on June 3, the final contest took place that choose Miss Brown and her two attendants. Mr. Heck, Mr. William Davis and Mr. Gersh were the judges.

Diane Brown is a pretty 17½-year-old senior at Pasadena High School. She lives with her family at 240 S. Mountain Trail. After graduation, she hopes to attend school to become a dental hygienist.

First Attendant to Miss Highlander 1967 is Mary Mead. Mary lives at 700 W. Sierra Madre Blvd. She is 18 years old and presently a freshman at Pasadena City College. Her major is advertising and merchandising.

Second Attendant to Miss Highlander 1967 is Donna Komarowski. Donna is a Graduate of Pasadena City College and lives at 345 N. Adams. She is 21 years old is a full graduate of the registered nurse program.

These three lovely young girls will reign for one year as Miss Highlander and her two attendants. Mr. Burke hopes to have a larger beauty contest on more of a community merchant type of scale this next year.

Sierra Madre Glass awarded three of their beautiful door mirrors to the three runnersup: Jan Santillo, Bonnie Thibault and Annoula LaLone.

Miss Highlander received a \$50 gift certificate from Conglomerate and a \$15 gift certificate from Jean Clementi Coiffures. Miss Mead received a \$25 gift certificate from Petite Beauty Salon. Miss Komarowski received a \$25 gift certificate from Victor's Beauty Salon.

Miss Highlander 1967 may well be the first in a long line of beauties to reign year by year. If so, Sierra Madre is now witnessing the beginning of a very charming tradition.

\$9,300 As Salary Consideration

A Full Time City Clerk Ordinance In the Making

About the only accomplishment made at the adjourned meeting of the City Council, held on Wednesday evening, May 28, was by a vote of 3-0 to bring in an ordinance placing the elected City Clerk on a full time basis with an alternative of either paying \$450 per hour for the hours worked or a blanket salary of \$780 a month, which is \$9,300 per year.

Since it has been declared by the Attorney General, that the United States is in a state of war, elected officials may have their salaries changed without the vote of the people. Councilwoman Maddox presented 26 letters in favor of making the change and no opposition. Letters to be sent to each councilman.

The Ordinance is expected to be presented to the Council at their regular meeting of June 13, at which time it will be discussed, put on first reading, or held over for changes, or possible defeat.

The Council was to meet in adjourned session at the hour of 8 p.m. to complete the agenda held over from the previous meeting.

Sierra Madre Students Take Top Honors For the Year

Sierra Madre students really scored at Wilson Junior High this year. Six of the achievement awards were captured by Debbie Edwards, Joe Duckworth, Art Ower, Jeff Troop, Nancy Rule and Mary Alice Colvin. The three clubs cited the students for their outstanding leadership abilities, attitudes and citizenship.

Debbie Edwards Exchange Club Award was given to Debbie, the seventh grade graduate, for her outstanding service to the school. She has been on the Scholarship Roll all three quarters, been Senior Class ticket salesman, tutors two

To Graduate From San Jose

The largest graduating class in San Jose State College history, 4,337 candidates, will receive degrees in commencement exercises Friday, June 9, at 6:30 p.m. in Spartan Stadium.

Upwards of 14,000 faculty, students and families of graduates are expected to attend the outdoor ceremonies which will be preceded by an academic procession onto the field.

Graduating with a B.A. degree in art from Sierra Madre will be Stewart A. Baron.

Delinquent Tax List Published

This week and next are the weeks for the publication of the Delinquent Tax list for the City of Sierra Madre and some adjoining areas.

Listed on pages 15 and 16 of this issue the tax list is slightly larger than the past year, having in the vicinity of 700 piece of property that were delinquent on April 15.

It has been estimated that the outstanding tax on the list will reach between \$175,000 and \$200,000 and means to the City of Sierra Madre a delinquency of approximately \$15,000 to \$20,000.

The non-payment of the personal property tax of course means that the city and other taxing agencies will not have the amount of money that was budgeted for the current year. If the money has already been spent, then it will be necessary to adjust either the budget for the coming year by lowering expenditures or increase the tax rate to take care of the anticipated revenue.

Although you may have paid your personal property tax after April 15 you may still be on the delinquent tax list. Those properties that were not paid in full at the deadline time are so listed.

Bailey Canyon Park Dedication Set For June 11

The Sierra Madre Parks and Recreation Commission announces that the dedication ceremony of the Bailey Canyon Park will be Sunday, June 11, at 2 p.m.

Father O'Malley of St. Rita's Catholic Church will give the invocation. The master of ceremonies will be Mr. Sam Simpson, chairman of the Parks and Recreation Commission, who will introduce Mr. Bill Wark's Rangers, who blazed the Switchback and Green Belt Trails to present the flag salute (Jim Comer, Paul Copeland, John Copeland and Keith Davis). He also will introduce Mayor King who will give the dedication talk.

All youth groups who worked on the trails, under the coordination of Mrs. Tal Morash, will be honored.

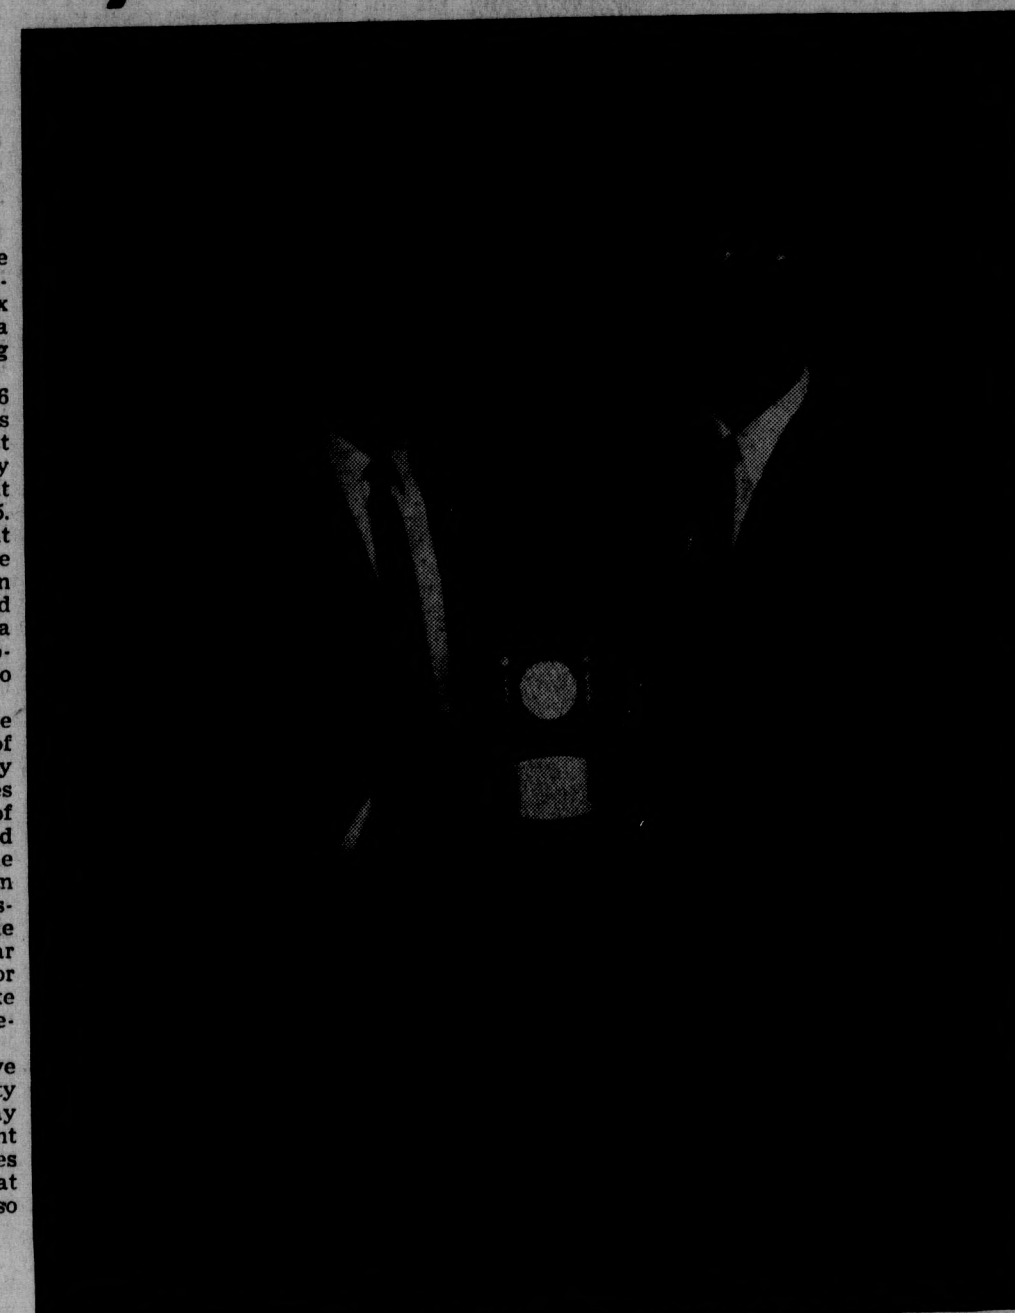

Commissioners Betty Crook and Phyllis Bennet will act as hostesses and have available brochures on a history of the park and nature.

Visitors may park in the parking lot and walk up the road into the Wilderness Park area, where the dedication will be held.

Everyone is invited to come and enjoy Sierra Madre's newest addition to its growing park system.

Joy Roess Given Gold Note Award

Joy Roess, daughter of Mr. and Mrs. David Roess, received her fifth year Gold Note trophy at the annual recital held at the Arcadia Public Library, Saturday, May 27.

Joy is the piano student of Mrs. Viola Allison, San Luis Rey Rd., Arcadia.

Ruth, Joy's sister, also played in the recital.

Gold Still Exists Says Picnickers

History of Gold In Our Mountains Told By Wark

Gold was discovered in the San Gabriel Mountains, famous discovery at Sutter's Mill by James Marshall in 1848. Data as to the exact date, place and circumstances conflict. Apparently priests from the San Fernando and San Buena Ventura missions worked placer in Santa Felicia Canyon west of Castaic during the period 1834 to 1838.

A historical plaque in Placerita Canyon states the first gold in California was discovered in that spot on March 9, 1842. A small gold rush followed in its wake. Local residents and later experienced Mexican miners from Sonora flocked to our mountains. Within two years not less than 6,000 people were working the placer deposits of San Francisco, Castaic, Placerita and Santa Felicia Canyons. They developed a dry washing method in an attempt to overcome the lack of water in the area. Although figures were not recorded, estimates run from \$38,000 to \$100,000 for the first two years of the rush.

It was not widely publicized by the Mexican authorities and it subsided naturally after a few years. Lack of water and mining difficulties made profitable recovery possible only to experienced miners. The easily recovered gold was soon exhausted. Although a few miners worked placer deposits in many of the smaller stream courses, they were intermittent and of short duration. Few if any

Fire Call Sunday and Monday AM

The Sierra Madre Volunteer Fire Department was called into action at 10:30 Sunday morning with 20 men and one reserve answering the call for a brush fire at 643 W. Alegria.

Fire Marshal Ludden reported that the fire had been set by two boys, ages seven and nine who were playing with matches. Upon setting the fire in a vacant lot, they found that they could not extinguish it and

The Sierra Madre Chamber of Commerce, under the leadership of its president, Douglas Delahooke, this week presented its first in a spasmodic series of citations to individual citizens who have, over the past year or months, contributed greatly to the community as a whole.

As stated by President Delahooke, these citations are given to individuals instead of companies, service clubs, fraternal organizations or business establishments; thus it is possible for more than one individual within any organization to be so honored.

Many times parent companies or organizations plan a feature as their project for the year, but it is the people who put the project into effect and make it become a reality, and thus should share the credit with the parent organization which has generally accomplished its purpose.

We're always beating the drums for local business. If we thought it would help, we might send out a smoke signal or two.

Local business is the lifeblood of the community. Look about you, if you will. The stores, shops, service stations banks, everything you can see... these businesses exist to meet a need. They would cease to exist if our community were not alive, thriving and growing.

Before you take your business elsewhere, take another look at the products, prices and services offered by local merchants. You'll be glad you did.

This week pay particular attention to the effort of "Drumming Up Business." This promotion is for your pleasure as well as your shopping convenience and your chance to obtain bargains galore in many of the stores.

This is the week that we have been waiting for... Kwanza 10th Annual Breakfast at Memorial Park... it will be good get-together time from 7 a.m. till noon and it will be well worth the buck for adults or a half buck for the kiddies.

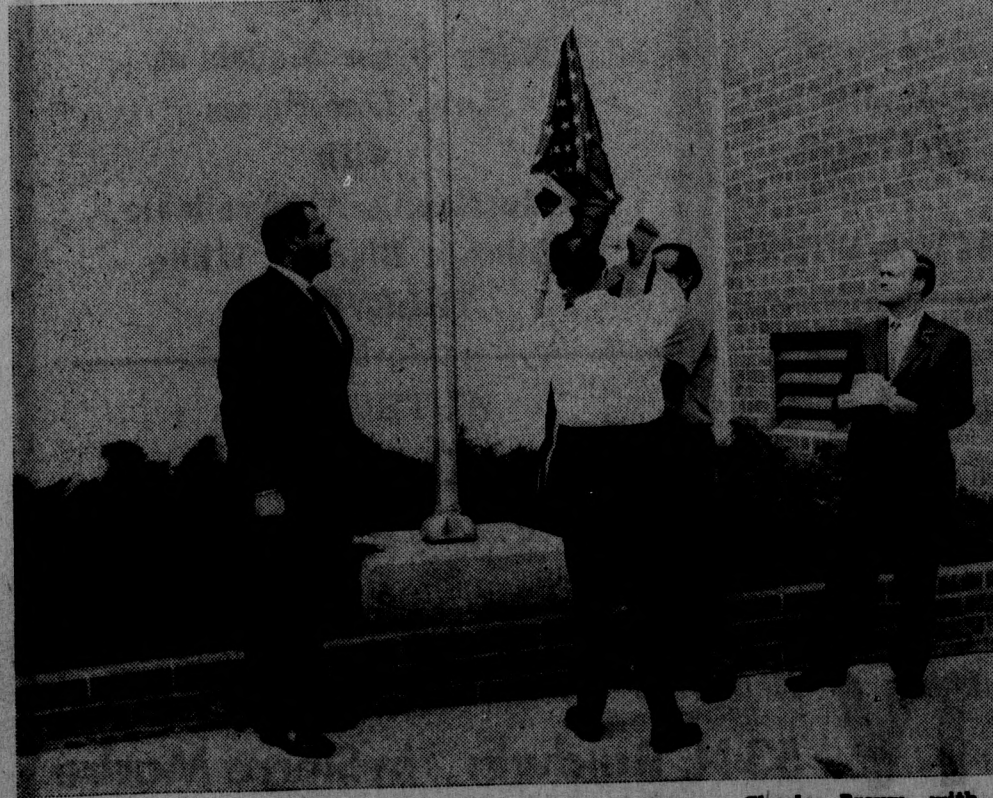

Remember, the money from this breakfast will go to some worthy charitable cause... remember the picnic tables in the park, your breakfast money purchased these, so make it a point to attend the breakfast this Saturday.

Have you noticed Sierra Madre's new fire truck darting hither and thither about town? The boys are giving it a real shaking down, learning the new methods that have been made possible by the new truck and engine. She's about ready for service any day now.

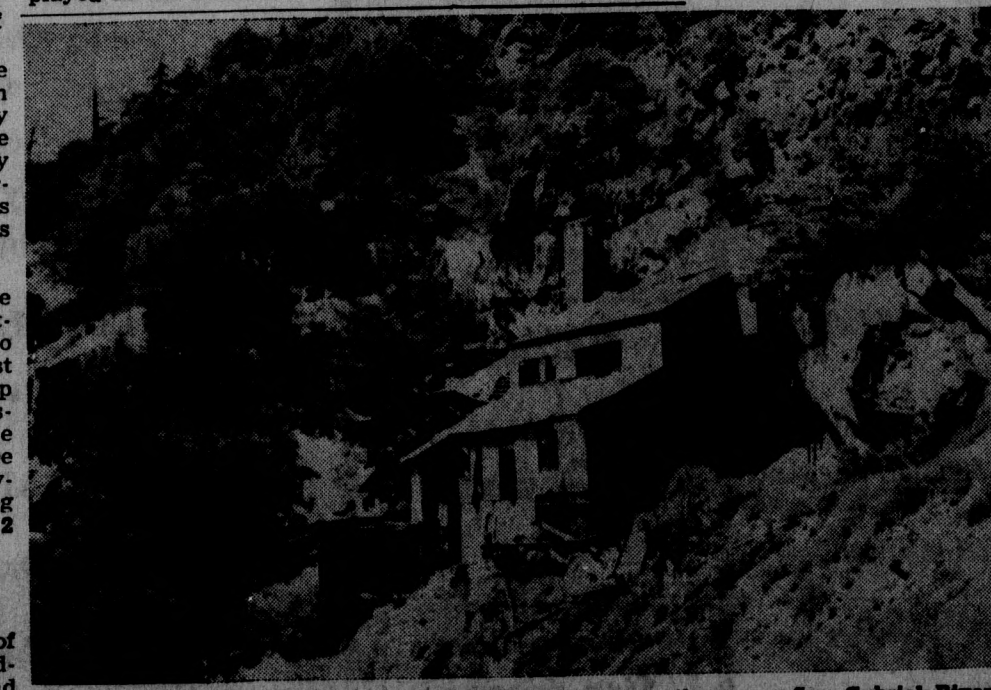

This is the week when "Miss Highlander 1967" will be chosen. This will make some girl mighty happy for this title... Of course she will not be able to "eat it," "wear it," or "play with it," but it's nice to be young and have a title.

I still remember well my first title... 23rd Vice President... it was given to me by my boss when I was but 18... seems that I was then working for \$3.00 a day and the days were 16 hours long.

I had a feeling that I should either be getting a... —Please turn to Page 18

THE BIG HORN MINE, largest of the lode mines in the upper San Gabriel River watershed, clings precariously to the east side of Mt. Baden-Powell, at the 7500 ft. level. Of the lode mines in the area, the Big Horn and the Allison were the principal sources of gold. Active principally from 1903 to 1906; there was minor activity at the Big Horn in the mid-1930's. Long abandoned it is rapidly falling into disrepair. An interesting Sunday afternoon hike of about 2 miles over a wide easy trail (once a wagon road) from Vincent Gap.

SPORTS AS Hank Ives SEES IT

A DAY IN THE SUN . . . The Pasadena Jr. Chamber men have problems enough with out sportswriters sniping at their Rose Bowl Invitational track meet held last Sunday before a disappointingly small crowd.

HOWEVER . . . there are some obviously pointed areas that must be improved if this meet is to take on a class label and in the long run pay for the high-priced Grasslex track.

IN THE FIRST PLACE a date must be found that will not coincide with another big meet such as the Compton - Coliseum Relays. It's the old problem of "only so many sports bucks." If a good track fan paid his way into the Coliseum Friday night, it would be asking a lot for a repeat performance on Sunday.

THE \$3.50 PRICE TAG was a bit on the steep side. Sunday was truly a magnificent sunny day. It would have been nice for a family of say six to sit in the sun and enjoy the action. It would also have cost poppa \$21. Wouldn't a \$1.50 ducat have enticed at least two and one-half times as many fans?

THE HANDFUL of spectators that did attend were horribly uninformed. The man at the mike simply did not know track and field. Running events were usually well underway before the announcement came and it wasn't until many minutes later when the athletes received their medals that one could learn who won the race and in what time.

HOPEFULLY THE SPONSORS will not let Sunday's results lower their collective daubers. The RBI is still in its infancy. Apply the old "walk before you run" adage and give 'em time.

THE JAYCEES WORKED long and hard on this project. No doubt they learned by mistakes and will apply their knowledge to future meets. The RBI is a late, late arrival on the track and field scene and can hardly be expected to meet with instant success.

WHATEVER IT TAKES to have a Jim Ryun, Ron Clarke, Tommie Smith or Jim Hines in the meet would be well expended. A couple of big names are truly necessary these days.

DON'T CALL THE preceding paragraphs snipes, make it constructive criticism from a man in the stands.

PREDICTION DEPT. . . SKIPPY ROBINSON, whose sterling play earned him second team All American honors and helped put the Lancers in the Jr. Rose Bowl last year, will be a starting safe tyman for John McKay's Trojans come September.

lunch hour and before school. He has been cited for good sportsmanship, doing jobs without credit, devoted service and outstanding ability, excellent attitude and good citizenship.

Art Ower

This young motorcycle enthusiast was honored with the eighth grade Exchange Award for his outstanding capabilities and personality. He accepted assignments throughout the year with a willing, cheerful attitude, regardless of how menial. Many times he would ask the three counselors for more assignments. Art is a good example of a student who has learned how to be dependable, honest and responsible.

Jeff Throop

Exchange Award to an outstanding ninth grade student went to Jeff for his many contributions to the school. He was Student Council Representative, president of his English class, Red Cross Council member and Publications Council member. He played baseball for the Babe Ruth League, lettered in intramural football and was football manager for two years. He has developed a real interest in stage managing and has worked his way up through the stage crew to become stage manager at Wilson.

Nancy Rule

Rotary Club Award went to Nancy for her many achievements in the three years she has attended Wilson. She has been a member of the Youth Club in seventh and eighth grades, won the blue ribbon for her chemistry project at the Science Fair; been a member of the Honor Society with an average of 3.8 out of a perfect 4.0. For two years she has held two committee chairs for the Mother - Daughter Party Planning Commission. She

has been active in Job's Daughters, Pep Council and Song Girls, as well as being active in her church. She became interested in journalism and won the honor of editor-in-chief of the Wilsonian and co-editor of the yearbook through her outstanding efforts. Also, Nancy is on the Publication Commission for Journalism and Writings.

Mary Alice Colvin

Soroptimist Club Award was presented to Mary for her outstanding work for three years at Wilson. During the seventh grade she was a substitute for the orientation panel for sixth grade students. She has been a member of Youth Club, Red Cross Council, Honor Society, drill team and Safety Force. She also was the captain for the drill team, participated in the Youth Conference at Pasadena High, & was elected Eighth Grade Counselor. She modeled for the Mother-Daughter Party, and has participated in the Talent Show. She campaigned for, and won, a position on the Entertainment Council. Mary was cited for her outstanding leadership ability and a awareness, dependability and assuming of responsibility.

The time of year has come when all attention is focused on the graduates. There are obvious things that you can say to the graduate of your choice. Things like being on the brink of life and discovery. The future of America lies in their hands and remind them of the privileges that are theirs for the earning.

These things are all true and most young people are aware of the opportunities at their doorsteps if they reach out and grab. You might remind them that in your day things weren't as good. That you had to really scratch to make your dent in the world, that you weren't as lucky as your kids.

This could be quite true. A generation ago education was no less important if it was available to you, but the door was not closed if you couldn't go to college. It gave a man or woman a feeling of confidence if he or she could apply for a job and say in an off-hand way, "I have a degree."

Not so now, education is almost a must for the man or woman looking for the white collar job. One degree is adequate but a masters degree is becoming mandatory in more and more fields. The parent generation is looking in on a space age computerized world and there is no end to the fountain of new information our children must absorb in order to compete. Fortunately California has one of the finest educational systems in the entire United States, and the motivated young persons need only to seek and to apply themselves and the world will truly be at their feet, as all the commencement speeches will certainly emphasize.

True we are living in troubled times with war and unrest at our doorways, but in each generation there are troubled times. Our young people are confused as the future seems insecure.

This confusion and unrest can be used as a two-sided tool. It can be used as an excuse to rebel and protest against the injustice of life in forcing a way of living that is undesirable and unthinkable and thus waste these golden moments on something that we surely can not help. On the other hand it can be used as an advantage to young people to motivate themselves into a position where something intelligent can be done about the world.

We stepped out into the adult world thinking we could conquer it, our sons and daughters know they can and they throw in the moon as well. They don't dream of a man in the moon with a smiling cheese face, they dream of a man ON the moon in a space ship. They know it's conceivable that they could one day be there themselves. With us it was a real jaunt to go to Europe by fast boat.

They do have the world at their feet and they are going to have a lot of learning to do to handle it. I'm not sure if I envy them, it's a big responsibility, but it's theirs and I gladly bequeath them my share. I'll sit back and watch!

Time has not eased the pain for Ben and Virginia Rogers, Jack and Marie Rogers, Chuck and Margaret Klingerman, or Don and Irene Kendall. They are all wondering just where they went wrong. When they left Pasadena for a jaunt to Las Vegas they were all very sure that this time they were going to break the bank. Don't worry gang,

Mr. and Mrs. Rudolph Hartman Celebrate Their Fiftieth Anniversary

Mr. and Mrs. Rudolph Hartman celebrated their Golden Wedding Anniversary on Sunday, May 28. They were honored at a party and buffet dinner which was hosted by their son, Robert and his wife, Lois.

Over 250 guests came to honor the Hartmans that afternoon at 574 Camillo. Besides the many friends from Sierra Madre there were 84 out-of-town guests. A five-tiered anniversary cake was the center of a beautifully decorated refreshment table. The guests were served gold punch, coffee, cake and open faced sandwiches.

Throughout the afternoon flowers were delivered to the party from various friends and relatives. Four leis were sent from Mr. and Mrs. Muratas and Mr. and Mrs. Draeger, in Hawaii. The Hartmans were there while greeting their many guests. Two surprise guests arrived and delighted the Hartmans. They were Mr. Hartman's aunt and cousin, Mrs. Perle Hartman and her daughter, Gale Staton, from Ohio. No one knew they would be able to attend until they walked in that afternoon.

House guests of Rudolph and Myrtle Hartman, who came for the affair were: Mr. and Mrs. C. L. Tarter of Sunnyvale, (she is Mrs. Hartman's sister and her maid of honor at the wedding) and Mrs. Arthur

Evans of Lancaster (Mrs. Hartman's sister and one of her bridesmaids at the wedding).

House guests of Robert and Lois Hartman were, Mr. and Mrs. Randy Walker from San Jose.

Other members of the Hartman's wedding party who attended their fiftieth wedding anniversary party were: Mr. and Mrs. Harold Pegler of Buena Park, one of the bridesmaids; Mr. and Mrs. Robert Clark of El Segundo, the best man; Mr. and Mrs. Craig MacKerras, of Anaheim, and Mr. and Mrs. Max MacKerras of Arcadia, ringbearer and wedding attendant.

Granddaughter Sandy, who wore one of the lovely Hawaiian leis, was in charge of the guest book. Mr. and Mrs. Randy Walker helped the host and hostess take care of the guests. Grandson Chuck Hartman, along with Randy Walker helped park the guest's cars. After the anniversary party, the guests of honor opened their many lovely gifts. Among the gifts was a money tree, a joint gift from many friends and very beautifully decorated. Mrs. Lotte Knapp, Mrs. C. L. Twycross and Mrs. Helene Revo were in charge of the money tree gift.

Later, in the company of 25 relatives, Mr. and Mrs. Hartman enjoyed a golden anniversary buffet dinner. It was a charming tribute to a very lovely couple.

REMEMBER THE DAY . . . IN PICTURES

Can you take that picture over again? Chances are that you can't, so now that you have finished taking that roll of film, color of course, bring it in to Hartmans and they will have Kodak process it with the same care they used in making the film.

We know that you have put a lot of time and effort, and imagination into shooting the film so it deserves the very best color finishing possible and that is the kind Kodak delivers regularly and consistently.

Our Kodak truck calls every week day shortly after noon for the pickup of your order, and if it is to be slides they come back the next day about one o'clock. Color prints and enlargements ordinarily take about five working days for completion. Kodak also processes slides and movie film, 8mm, super 8 and 16mm (one day service) and make beautiful enlargements from your color slides or negatives.

Our black and white service is by Cal-Art and they do really superb work, try them for any black and white printing or enlarging or even copying.

We have Polaroid duplicating and enlarging service too. They will copy or enlarge your black and white or color prints, and the copies are as good as the originals and sometimes even better.

We have special prices on vacation quantities or both kinds of Kodak film. Stop in and let us show you how you can save!

Begonia Society Meets June 12

The San Gabriel Valley Begonia Society will meet Friday, June 12, at 8 p.m. at the Los Angeles State and County Arboretum, 301 N. Baldwin Ave., Arcadia.

Mr. Henry O. Zepeda of the Neil A. Maclean Company and "Magamp" Fertilizer Company will be the speaker and tell of "A new break through on a long-lasting and a slow-controlled fertilizer program. Slides will be shown.

Guests are welcome.

Studio Players Present Series Of One-Act Plays

The Studio Players, a Sierra Madre non-profit theater workshop group, is presenting "Part One," directed by Florence Myers, the first program in a series of original one-act plays by area playwrights.

Opening the series of two one-act plays, "The Club," by John Allen, and Dick Salzberg's "An Elk is NO Place for an Apartment Building," representing totally dissimilar approaches to theater. "The Club," a comment on contemporary attitudes toward love and sex, achieves its impact through imaginative staging. Salzberg's offering, a gentle satire on today as expressed through the medium of TV, is a revue-flavored piece.

"The Club" cast features Jim McCoy, supported by Bob Michael, Hugh Warden, Howard Whalen, Mel and Tina Thompson, John Allen, and Mel McCoy.

"An Elk is NO Place for an Apartment Building" features a multi-acted cast including Jim McCoy, Mel and Tina Thompson, Hugh Warden, Nel D'Arcy, Dennis Jopling, Howard Whalen, John Allen, and Mark Sallor.

"Part One" will be presented for three nights — Friday, Saturday and Sunday, June 16, 17 and 18, at 8:30 p.m. in the Sierra Vista Park Youth Hut, 600 E. Sierra Madre Blvd.

Reservations may be obtained from members of the Studio Players or by telephoning 355-9762 or 355-0053.

Teresa Ellen Tanner Becomes Bride Of John Anthony Bettencourt, III

MRS. JOHN ANTHONY BETTENCOURT III
... nee Teresa Ellen Tanner

Teresa Ellen Tanner became the bride of John Anthony Bettencourt III, in a morning ceremony, on May 27. In St. Bede the Venerable Church, the couple exchanged their vows with Rev. Thomas Lahart officiating.

Teresa Ellen is the daughter of Mrs. F. G. Tanner Jr. of 1368 Inverness Drive, Pasadena, and the late F. G. Tanner, Jr. She is the granddaughter of the late Dr. and Mrs. Montrose Burrows.

John Anthony is the son of Mr. and Mrs. John Anthony Bettencourt Jr., of 58 E. Carter. He is a graduate of La Salle High School and has attended Pasadena City College.

Bridal gown was fashioned in silk organza over taffeta, styled on the "cage" lines, with a scoop neck line and a full circle train, which were accented with white lace daisies. The imported illusion veil was held in place by coronet of lace with pearlized lilies of the valley and crystals.

Bridesmaids' gowns were fashioned of white venise lace bodice, lime green chiffon skirts, sweeping into a full back skirt. The matching headdresses are large green bows with long floating illusion panels. Flower girl, Kimberly Friel was dressed similar to bridesmaids, fashioned in white venise lace, pale yellow chiffon skirt.

Matron of honor was Karen Marie Tanner, sister-in-law to the bride. Maid of honor was the bride's sister, Mary Barbara Tanned. Bridesmaids were Jessie Loy Reynolds, Pamela Ann Cook and Claudia Ferrey.

Best man was Timothy Scalzo and ushers were Harvey Wharton, Robert Bettencourt, Pierre A. Bettencourt and Arthur Bettencourt.

July Promotion Meeting June 15

Fourth of July Promotion Committee for the Veterans of Foreign Wars will hold their last meeting on Thursday, June 15, at 7:30 in the evening, in the Parkhouse. All organizations should have a representative attend the meeting. Mrs. Frances King is the chairman in charge and Mrs. Dottie Underwood is the secretary.

For any information, call the Chamber of Commerce office between 10 a.m. and 2 p.m., Mondays through Fridays. The offices are closed on weekends. The number is 355-7141.

Sciences & Math Students Awarded

Physical Sciences and Mathematics departments presented their awards to outstanding students on May 29 in the student center at a ceremony to which parents, friends, faculty, and students were invited.

Frank A. Young, of Sierra Madre, was honored for Superior Achievement in chemistry.

PCC Sciences Award Students

The Social Sciences Department at Pasadena City College honored graduating students at their annual awards program, May 31, at 3 p.m. in Harbeson Hall with Dr. Ralph Hallman, chairman, presiding.

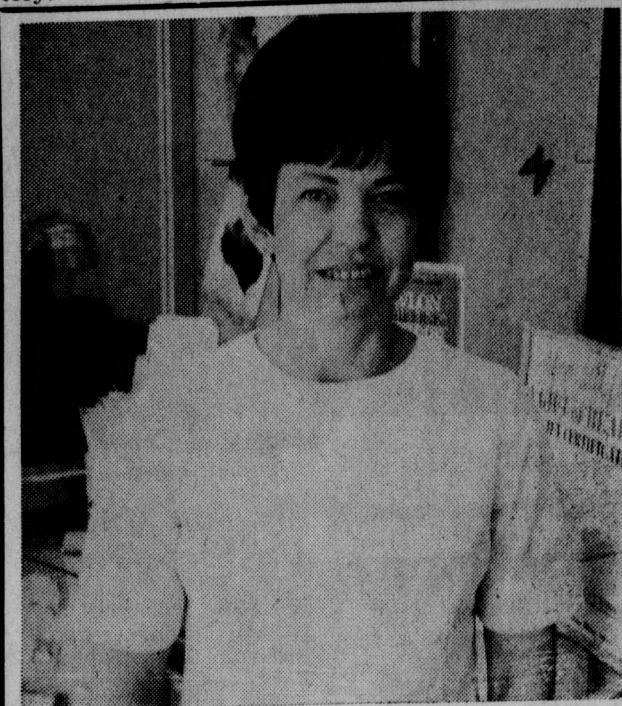

Two Sierra Madre residents were honored for Superior Achievement. They are: Philip Potter, principles of economics, and Frank Young, United States history.

Davis Hosts Bethel 128

Mr. and Mrs. Donovan Davis, 1575 Hastings Ranch Dr., were hosts Saturday evening to members and their husbands of Bethel No. 128 International Order of Job's Daughters at their annual barbecue dinner and installation of officers for the coming year.

Mrs. Richard Bergholz was installed president and her officers include: Mrs. Nishan Krikorian, vice president; Mrs. Lee Britell, secretary; and Mrs. J. Agajanian, treasurer.

Among the 40 in attendance were Mr. and Mrs. James Vine of Sierra Madre. Virginia is the outgoing president. From Hastings Ranch were Mr. and Mrs. J. Harvey Brown, Mr. and Mrs. William H. Pursey, Mr. and Mrs. Renold Cairncross, Mr. and Mrs. Richard Cannon, Mr. and Mrs. Hobart Steely and the husbands of the newly installed officers.

Hastings Ranch Spring Dance

The Upper Hastings Ranch Association will hold its fifth annual spring "Star-dust Dinner-Dance" in the Starlight Room at the Castaway Restaurant in Burbank on June 10. Cocktail hour will begin at 7:30 p.m., dinner served at 8:30 p.m., followed by dancing to the music of Thurmon Fuller and his Five Kings.

This special evening is planned to bring together neighbors living in the Ranch and to meet newcomers to the area. Former Hastings Ranch residents and friends are cordially invited.

Special guest, Jim Gurley, will be master of ceremonies for the evening. Mr. Gurley

began his career in Texas and starred in "To Broadway With Love" at the Texas Pavilion, New York World Fair. Since his move to Hollywood, he has had several TV appearances on the Young Marrieds and has the recurring role of Dr. Howard on ABC's General Hospital. He is soon to be seen in the role of Lt. Perkins in Walt Disney's film "The Happiest Millionaire."

Mrs. Donald Burnett, chairman of the dance committee, is assisted by Mrs. Reynolds Cairncross and Mrs. Jack Patch, reservations chairman.

Hosts and hostesses for the evening will be the Upper Hastings Ranch Association Board of Directors, which includes Mr. and Mrs. John Spence, Honorary Mayor Mr. and Mrs. Frank Colet, Mr. and Mrs. Joe Cork, Mr. and Mrs. Bill Dietrick, Mr. and Mrs. Bob Duncanson, Mr. and Mrs. Jim Jenkins, Mr. and Mrs. Verne Larsen, Mr. and Mrs. Pier Pedley, Mr. and Mrs. John MacKenzie, Mr. and Mrs. Dale Short and Mr. and Mrs. John Shaw.

Fleming Speaks To Accountants

Mr. Clarence Fleming, a well-known attorney of Pasadena, will be the guest speaker for the Footehill Chapter of the Society of California Accountants when they meet for their regular dinner meeting June 13 at Eagle Rock Lanes, Los Angeles.

Mr. Fleming's topic: "Estate Planning" is a very vital and interesting subject for all accountants, who are invited to attend. Reservations may be made by calling Harold Reitzel, 842-6146, not later than Monday, June 12.

Blind young people between the ages of 6 and 21 will use their senses of touch and hearing, as they learn to swim, fish and ride horseback at the Foundation for the Junior Blind Summer Camp in the Malibu, Mountains.

You and Your Neighbors...

Mrs. William (Fritz) Keut came to Sierra Madre May 1 to visit her sister, Mrs. Frederick Reoss. She is from Chicago and the two sisters haven't seen one another in many years. While here, Mrs. Reoss and Mrs. Mora Brooks showed her the various spots of interest. The ladies enjoyed the Solvang trip, sponsored by the Chamber of Commerce. They also visited Laguna Beach. They journeyed northward for a three-day trip. Mrs. Keut visited an old friend and classmate, Mrs. Charles Orne, in Santa Barbara, while Mrs. Reoss and Mrs. Brooks visited former residents of Sierra Madre, Mrs. Marie Ozzella and Mrs. Stella Ellison, who now live in Ventura. After a very enjoyable trip to California, Mrs. Keut returned to her home in Chicago May 28.

ENGINEER JOE — Thanks,
Joey for driving by my
house Sunday. I know it
was a long way around to
the fire, but I got to see
most of the firemen who
followed you. You're the
head man when you can
get them to follow you
like that. You sure looked

Councilman Wagner must
have a very small yard —
With the water rates
that he proposes,
We can't afford to use
our hoses,
All our grass will wither
and die,
And blow away by the
end of July.

Sponsoring Two
Back Yard Sales
The seventh and eighth
graders of the Junior High
Department of Bethany
Church are sponsoring a
back yard sale this Satur-
day, June 10 from 8 a.m. to
5 p.m.

The sale for the seventh
graders will be held at the
Ashe home, 1135 Rexford,
Pasadena; while the sale for
the eighth graders will be
held at the Over home at
500 N. Baldwin, Sierra
Madre.

The proceeds from these
sales are sent to Varanas
School, India, to buy stu-
dent lunches.

TASTEFUL

MARY — I sent that skirt
with 162 pleats to Vogue
Cleaners. What a supreme
job. That Jack Overholt
sure knows his business.
Sure it cost me only 49c.
Don't ask me how he does
it, I only know that he
also did an excellent job

Activity At
Anoakia For
Year's End
The Athletic Association
Awards dinner, June 8, will
be the first event in June
preceding commencement.
This will be held on the
school grounds at 7 o'clock
in the evening. At this time,
awards are given for tennis,
swimming and the various
other sports. Rennie Simp-
son, daughter of Mr. and
Mrs. Gordon Simpson of
Pasadena is president of the
Athletic Association and
will preside at the dinner.

Sunday, June 11, at four
o'clock in the afternoon, the
baccalaureate service will
take place at All Saints' Church,
Pasadena. The Rev. George F. Regas will give the
baccalaureate address and the
Anoakia Choir will sing.

Monday, June 12, is the
date set for the annual
Anoakia Alumnae Associa-
tion luncheon by the pool at
Anoakia. This year the
classes of '67, '57, '47 and '37
will be honored. At this
time, the class of '57 will
disinter their class prophecy
to be read again and the
class of '67 will bury their
class prophecy to be read
again ten years hence.

Tuesday, June 13, the
eighth grade will have its
graduation exercises in the
Anoakia Chapel at 3 o'clock
in the afternoon. Cynthia
McNeil, daughter of Mr. and
Mrs. Hugh McNeil of San
Marino, is president of the
eighth grade and will wel-
come parents and guests.
The Rev. Terence Lymborg of
All Saints' Church will de-
liver the address. A tea for
the parents and graduates
will follow in the Peacock
Room of Anoakia Hall.

Wednesday, June 14, the
senior class will have its
commencement exercises on
the So. Terrace at 5 o'clock
in the afternoon. Margery
Wheaton, daughter of Mrs.
Robert E. Rhodes of Pasa-
dena and Mr. Palmer Wheat-
on of San Francisco, and
president of the student
body will welcome the pa-
rents and friends.

Joan Cheyovich, daugh-
ter of Mr. and Mrs. Milan Chey-
ovich of Monterey Park,
and president of the senior
class, will present the class
gift. The invocation and
benediction will be given by
the Rev. Jerre Parks of St.
Edmund's Church, San
Marino.

Dr. Robert Freeman, trustee
of Pasadena City Col-
lege, will give the com-
mencement address. The
seniors will celebrate Grad
Night at Disneyland.

Mrs. deMezirard

FROM THE

Fire Side
This is an additional Fire
Side column printed at the
request of seven firemen,
who, for obvious reasons,
wish to remain anonymous.

To Our Brother Fireman:
The singing fireman of
the fire department wish to
express disbelief that their
singing is not appreciated
by one and all.

True — we did win a
singing contest; true — we
were rewarded a prize for
efforts; true — we don't give
up easy for we are too fine
a group to give up, just be-
cause a few untalented,
tone-deaf old firemen can't
tell the difference from a
sick cat and an true Acapela
Choir. By the way brother,
if you want to audition
for our group, call our
agent.

— The Seven
If what we heard, was a
sample of your best effort,
I've got an idea the Pasa-
dena Humane Society might
well be your agent, that you
mention.

— Amen

History of Gold In Our Mountains

yielded gold valued at more than several hundred dollars.

The miners drifted north and for almost ten years the San Gabriel Mount in its slumbered with their treasure of gold in the east fork of the San Gabriel River area.

The first American miners working the upper East Fork were discovered by a surveyor in 1855. They were the Kern River boomers who had drifted south when their Kern River operations played out. They were after the coarse gold only.

Two partners, Baker and Smith, took out \$800 in one day. Another miner, Tom Driver, dug out \$350 worth in two hours. When the news leaked out miners swarmed into the canyon. A town sprung up along the banks where Cattle Canyon joins the main stream.

El Doradoville, California boasted of three general stores and six saloons with their gambling tables and dance halls running wide open.

John Robb, an early resident of the canyon, claimed he made more money running the sawdust from the floor of the Union Saloon through his sluice box than he did in actual mining, so prodigal and careless of their pokes were the miners and gamblers of those days. The miners were doing well, with some 300 accounts on the books of the El Doradoville stores. On November 6, 1860 400 votes were cast, nearly all of them for Lincoln.

In 1861, the Wells Fargo Express Company was shipping an average of \$12,000 per month in gold nuggets from the San Gabriel Canyon sources, to San Francisco, well armed Express Messengers sitting beside the Butterfield stage coach drivers.

Perhaps even more was sent out by other agencies or carried by private parties. Ducommun and Jones pur-

chased more than \$2 million worth of gold dust during a period of 18 years from the placer claims of the San Gabriel Canyon.

In December of 1861 the usual rainy season set in, and after three weeks of almost continuous downpour had saturated the watershed, a rain of cloudburst proportions on Saturday, January 18, 1862, literally washed the floor of the canyon away. The entire town of El Doradoville was obliterated, not one building left.

The miners lost all cabins, supplies and equipment which were anyways situated in the riverbed, including the dozens of China pumps, those ingenious water-wheel dippers which came to the California mines from the rice fields of China, and with which the riverbed drifts were kept reasonably free from water. The "Boomers" were finished and never returned.

An extensive hydraulic mining period followed the disaster. A detailed story will be presented in future columns.

Gold still exist in the San Gabriel River beds. Small amounts are recovered by large numbers of picnickers who engage in panning and small scale sluicing on the weekends. They usually gain lots more in fun than profit.

Fourth of July Celebration Plans Progressing Nicely

Notice a new tone in the hum of activity around town recently? That's the added tempo of all the folks who are busy working on the July 4th Celebration, and that includes almost everyone in town. More than 19 service clubs and civic groups are busy planning

and working out entries for our parade, and for booths at the Park.

Aside from the children who will be entering the parade, highlights this year will be the entrance of our new fire truck, entries of many merchants, and, we hope, some music. Under the sponsorship of some of the merchants, radio station KMAX will announce the parade as it passes Kersting Court. Again this year, several of the civic clubs will offer prizes of \$5 in dimes to children under 12 for best costumes and decorated vehicles in the parade. Watch for further announcements of categories.

Library Launches Summer Reading

The Sierra Madre Public Library will launch its summer reading club for grades two to eight beginning the week after school is out and continuing all summer. Any child reading at least one book per week for six weeks will receive a reading certificate and folder.

Weekday afternoons between 1 and 5 p.m. will find the librarians in the Children's Room ready to assist young readers and to record the title of the book he has enjoyed most each week in his reading club folder.

All member libraries of the San Gabriel Valley Library System are conducting summer reading clubs. The theme of the Sierra Madre Library will be "A Trip to the Planets." Further details will be available at the library.

Support Your Hometown Newspaper which has served you almost 60 years of continuous publishing.

As in the past, booth for games and food will be set up in Sierra Vista Park. The Little League will sponsor a ball game, the Swim Team a program. And there will be games for the children, under the direction of the Camp Fire Girls, Girl Scouts, Cub Scouts and Boy Scouts. Presentation of parade prizes and a speaker will constitute the evening program, unless our city band is sufficiently rehearsed to perform.

The purpose of all this activity is to provide a safe and fun day for those of us at home on the July 4th holiday, as well as to honor the spirit of the day. It's a day of activity and fun for everyone. Be sure to join us!

One Stop Rabies Shots And Licenses

Sierra Madre dog owners will be able to get "one-stop" service on rabies shots and dog license when the Sierra Madre PTA again sponsors their annual rabies clinic for the community, this Friday evening, June 9. Location will be the grounds of Sierra Madre Elementary School, 141 W. Highland Ave. and the hours of operation will be 7 to 8:30 p.m. Rabies shots will be given for a fee of \$1.50 and representatives from Sierra Madre Police Department will be on hand to issue licenses.

Fee for either male or female dogs is \$3. Licenses, issued annually, become delinquent August 1, and subject to a penalty of \$2 in addition to license fee. Rabies shots are good for two years.

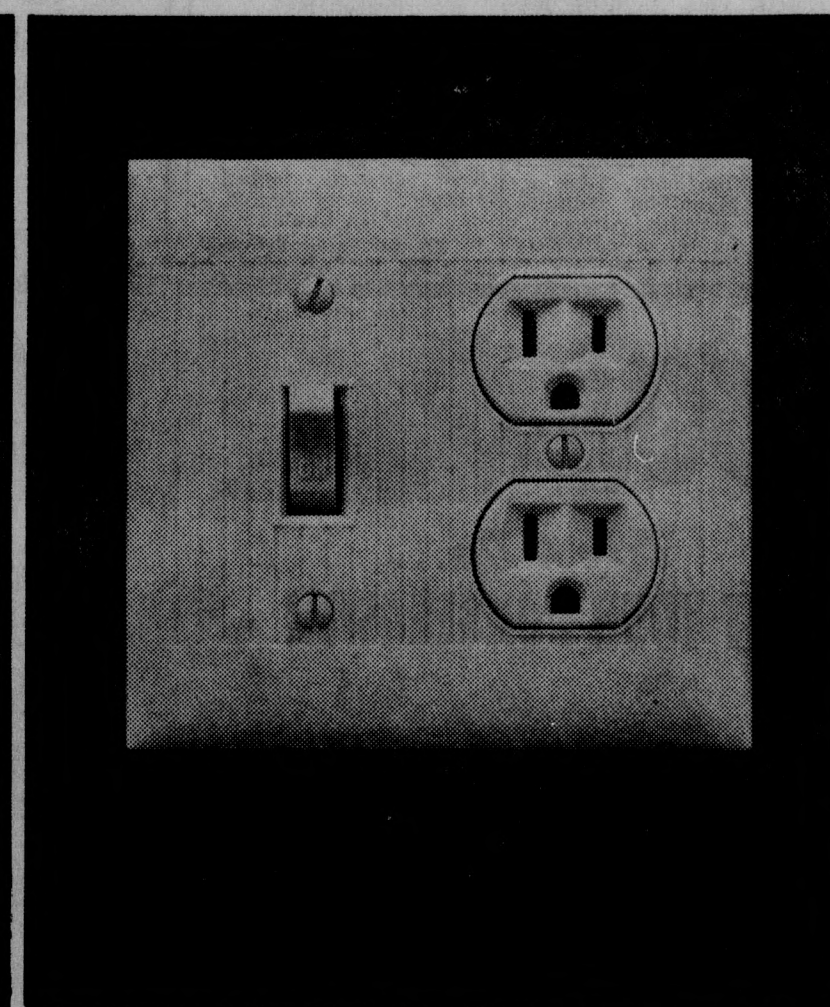

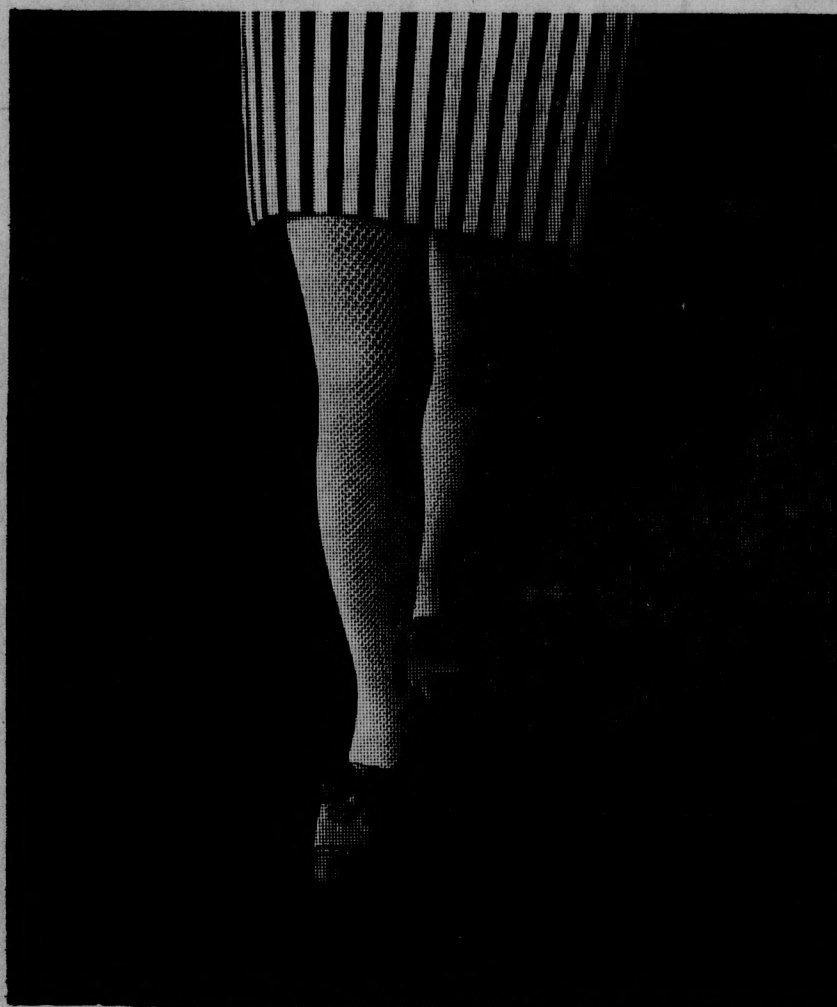

Mrs. William Waite is chairman for the PTA. She will be assisted by PTA parents and the Pasadena Humane Society, in addition to Sierra Madre Police Department. The PTA sponsors the clinic as a community service.

Funeral Services

Following a lengthy illness, Mamie Katherine Ostrom passed away in the Sierra Madre Community Hospital. She was 85 years old and a retired nurse. Born and raised in Ontario, Canada, she was a resident of Sierra Madre for 33 years, at 81 Vista Circle Drive. Nieces and nephews in Ontario, Canada are among those left to mourn her passing. Rev. David Ostrom officiated at funeral services in Ripple Mortuary Chapel, on June 2, at 2 p.m.

For Mamie Ostrom

Ripple Mortuary was in charge of the arrangements. Entombment was at Mountain View Mausoleum.

FROM THE Fire Side

John Buchan was complaining about the alarm sounding the other night. He said somebody ought to get up and stuff a rag in the horn or arrest the person who sets it off, for disturbing the peace. He must have sensitive ears, nobody else complained.

Now we've seen everything! Larry Brennan usually shows up at drill carrying second cup of coffee from his dinner. BUT the other night Assistant Chief Goodall shows up carrying his dinner with him. He had a heck of a time keeping the freeloaders away from his chicken dinner.

Gee whiz, John, we heard you were on a liquid diet! Now we found out different.

All the firemen were ordering their boots the other night and from the sound of some of the sizes, there's a few firemen in the company with a big "understanding." With feet like that, they ought to be able to "stomp" out a three alarm without any additional equipment.

We read where Chief Brown is the "oldest employee" "in terms of service" at Sierra Engineering. We almost forgot the second part of the quote.

Mr. and Mrs. Estes Take Up Residence In Santa Barbara

Mr. and Mrs. William Estes of 140 E. Montecito moved to Santa Barbara, on June 3. They have been residents of Sierra Madre for 27 years, have moved here from Massachusetts.

While living here, Mr. Estes worked in the carpentry department for Consolidated. He is now retired, after working for them 11 years. Mrs. Estes has worked for 11 years for Sierra Engineering. Her last day at work was Friday, June 2. She said she'll miss her job and the grand people with whom she worked.

They both exclaimed they'll miss their friends and this quaint little foothill town. But they don't feel like they are moving to an entirely new place. They have had a boat up in Santa Barbara for three years and a house for two years.

Now they'll be close to the beach and have greater access to the boat. Also their children live in Covina and Morro Bay and Santa Barbara is half way in between.

"We'll be back and forth visiting Sierra Madre and our friends," Mrs. Estes said, "and we'll be receiving the paper to keep upon all the events."

Making full use of their senses of touch and hearing, more than 500 blind children will learn to ride horseback at a unique summer camp, operated by the Foundation for the Junior Blind in the Malibu Mountains.

Dorn Wants To Sell Excess Land To Reduce Tax Rate

County Supervisor Warren Dorn recently moved to sell "excess" county land — valued at more than \$16.5 million in order to reduce the property tax rate.

Dorn told the Board of Supervisors that three parcels on First Street near the Music Center complex are currently being used as parking lots and should be sold and "placed on the tax rolls to benefit citizens of the entire county."

"Because there seemingly is no action in Sacramento to relieve property owners, I want this land sold," he declared.

As an example, Dorn cited the county's "massive tax relief measure" now before the legislature. It calls for state authorization for the county to use a 1-cent sales tax, a privilege the cities now have.

"The hundreds of thousands of tourists who visit the county annually could help relieve property owners through payment of this sales tax," added Dorn.

He pointed out that passage of the measure (AB

1072—Porter) would result in \$148 million additional revenue to the county — or a whopping reduction of \$1.05 on the tax rate per \$100 assessed valuation.

Dorn's move to sell the excess property — which would mean about a 15-cent tax rate reduction — was continued to June 9, when Supervisor Burton Chace returns from vacation.

It requires four votes to sell county property, it was emphasized.

Joining Dorn in seeking the sale were Supervisors Bonelli and Ernest Debs. Supervisor Kenneth Hahn said the county may need the property "in the future."

Meanwhile, Dorn, a vice president of the statewide County Supervisors Association of California, announced that he will meet with CSAC executives and leaders of the legislature Thursday in Sacramento to push for tax relief measures.

Licenses And Permits During May

Building permit valuation for the first five months of 1967 continue to show a very marked decline when compared to the same period of 1966.

Although last year was considered a "slow year" in the building of new homes this year's drop has been even greater. Valuation for the period of January, to and including May is \$466,502 compared to \$775,993 for a like period of 1966.

Total number of building permits issued for the month of May, 15 permits, with valuation of \$35,761. This includes one dwelling unit with valuation of \$9,300. Street, electrical and plumbing permits, 48, fees collected \$364.75. Plan check and building permits \$222.50. Business license fees \$399.85.

Dog licenses, 30, fees \$95. Bike licenses, 6, \$6.

Danny Wilson In Army Corps Of Engineers

Danny Wilson, son of Marvin and Lorene Thomas of 32 Park Avenue, is in Korea. He's with the United States Army Corps of Engineers and has recently been promoted to Sp4, which is equal to the rank of corporal.

Tona Wilson, Danny's wife, is living in Duarte with her parents until her husband's tour of duty is over. They are expecting their first child in mid-July.

Danny is a native of California, born and raised around Los Angeles. He attended Marshall Junior High and Pasadena High School. He has lived in Sierra Madre since his junior high days.

He has volunteered for duty in Thailand and hopes to soon be accepted. A group of men will be assigned to teach civilians how to handle heavy duty equipment. He's a crane operator, and has been building bridges and roads in Korea during his over seas tour.

His years' term will end in October and since he is an enlisted man, Danny will have two years to go. They will be spent at a stateside base.

A Full Time City Clerk Ordinance In Making

the regular meeting of May 23. Because of the absence of a quorum, the meeting did not take up until approximately 9 p.m. when Councilman Parks was reached and he presented himself at the meeting.

Of the eleven items on the agenda to be completed found five of them held over for full council consideration; two were approved and the balance taken as far as any council could take them in one meeting.

Approval was given by motion of Councilwoman Maddox passed 3-0 to authorize the preparation of plans and specifications and the call for bids for construction of the water line on Merrill Avenue. The estimated expense being \$4,500 and replacement will be necessary for the installation of sewers in District 88.

The 1967-68 budget was presented by City Administrator Darwin Dennis and definite disapproval of Council members present were noted. With a transfer from the Water Fund of some \$60,000 the budget would have a tendency to show an increase of 53 cents plus, per \$100 valuation, but a 11.6 cent per \$100 valuation direct tax increase.

Balances were called for by Councilman Wagner for comparison as well as comparative figures of the last

year's budget to the new budget form of this year, so that it could be easily ascertained the direction of the increase in expenditures, and possible tax rate could be given close study.

Council adjourned till its regular meeting of June 13.

Local Chorus Wins 2nd Place

Barber Shop Singers held their annual District Competition in Fullerton and the Arcadia Gaslight Chorus won second place.

Frances Eakman and "Yip" Lakin from Sierra Madre are members of this chorus composed of 53 men. They will now attend the Five Western States Convention of Barber Shop Singers which will be held in San Diego on October 28.

International Convention will be held July 3-8, in the Los Angeles Shrine auditorium. Climaxing the various activities will be international group competition.

All men interested in joining this active and interesting group can do so by attending the meeting any Wednesday evening in the Holly Avenue School in Arcadia. These gifted men help sponsor the Institute of Logopedics, which is a speech and hearing institution.

Villa Views by Toni

the University of New Mexico this spring.

Her engagement to Tom Mellar, son of Lt. Colonel Thomas A. Mellar, U.S. Army, Ret. and Mrs. Mellar, of El Paso, Texas, was announced during Easter vacation at the home of her grandparents, Mr. and Mrs. Joseph B. Pardieck. There were 30 members of her family and friends to share in the happy news.

The young couple met two and one half years ago when Claudia was a freshman at the university. She was a home economics major. Since her return home she has been practicing what she learned at college on her family. There have been gourmet meals prepared and served by Claudia, the sewing machine has been in a constant whirl and she has even been knitting.

Regarding the sewing, on the eve of ordering her wedding dress she decided that she would take great pleasure in creating her own gown and that of her sister Linda.

Ginny, her mother, marvels as the gowns near completion. Inasmuch as she doesn't sew herself, it seems almost like a miracle that her daughter could create anything as lovely. The young couple will be married in August in Our Lady of the Lake Church in Lake Arrowhead. They went up last weekend to finalize all the plans. The reception will be held at the Country Club following the intimate family ceremony.

Speaking of young brides. Georgeann deGregori, nee Anthor, left last week on the first lap of her journey that will take her to her husband Randy, who is stationed in Panama as an MP with the Army. Enroute she will be with relatives in Texas. They have planned a reception in her honor while she is there.

The John Hedricks of Villa Mesa have good reason to feel a great deal of pride in their daughter Judy. She was tapped last week, along with two of her Gamma Phi Beta sorority sisters for the Mortar Board.

The Mortar Board is one of the highest women's honorary groups and their members are chosen for both scholastic achievement as well as their campus activities. Judy has just finished her junior year at UCLA, where she is an Art major.

The Hedricks are anticipating even more excitement this year as their son Mile graduates from PHS.

Sierra Madre Crippled Children Auxiliary Installs Officers For Year

The formal installation of officers will be held Thursday, June 8 when the Sierra Madre Auxiliary of the Crippled Children's Guild meet for luncheon at Eaton's Restaurant.

Retiring president, Mrs. Edward M. Sevadjan, will preside over the final meeting of the club year. She will present a token gift to Mrs. Robert C. Poolman and Mrs. Roger O. L'Heureux, the member and provisional who contributed the most volunteer hours to Orthopaedic Hospital this year. Mrs. Roy Lindberg, hospital service chairman, announced a total of 822 hours given by the combined membership of the auxiliary the past year.

Mrs. Henry H. Danowsky will receive the presidential gavel when Mrs. Paul Barksdale d'Orr conducts the installation ceremony. Mrs. Danowsky's new board will be: Mrs. William B. Gibson and Mrs. G. Norman Kennedy, vice presidents; Mrs. Leo Lehner, Mrs. Edward E. Higgins, secretaries; Mrs. James Abernethy, treasurer; Mrs. Edward M. Sevadjan, parliamentarian.

Committee chairmen include: Mrs. Charles I. Corp, hospital service; Mrs. Norman D. Hawley, publicity; Mrs. Robert C. Poolman, so-

cial and hospitality; Mrs. Wesley Anderson, telephone. Upon receiving the gavel, Mrs. Danowsky will present a bracelet with an engraved charm to Mrs. Sevadjan as a token of remembrance from the group for her year's service.

You and Your Neighbors

by LYNNE RICHARDSON

Jerry Asher and one of his old high school friends, Charles Schaller of South Pasadena, visited El Centro on Memorial Day weekend. Both men grew up there and decided to revisit their old friends. On the weekend of June 3 and 4, Jerry, Dean Irvin, Gene Colbert and their friend from Glendale, George Nickel, all flew to Las Vegas. They enjoyed the sights and night spots of that beautiful, sophisticated desert oasis. Jerry especially enjoyed the trip, since this was his first time in Las Vegas.

Virginia Vine returned home to her husband James and their five children, Vivian, Victor, Vincent, Vene and Von. She was named as delegate for the Sierra Madre Civic Club to the General Federation of Woman's Club Convention. It was held in San Francisco during June 5 to 8. Mrs. Vine felt very honored to represent our local Civic Club. She attended meetings that were scheduled from 7:45 in the morning, and went throughout the day till about 10 o'clock in the evening.

Some people are brave! Alice Stormie and Donna Rowe are two such people. They were in charge of Girl Scout Troop 521, which is made up of 14 of the most energetic girls in the United States! They stayed from Friday afternoon to Sunday afternoon at the Newport Dunes. Two teenage boys and two teenage girls added to the active group. They camped out, cooked out, stayed up till all hours with asthma attacks, colds, girls who still weren't tired (even in the middle of the night) and pup tents that seem to be missing a few ropes and sticks. Through the confusion, sunburns, some of the girls trying to swim across the bay and getting grounded (among them was Alice's daughter, Pam) they must admit they did enjoy this exhausting excursion. Both women are a wee bit tired but wouldn't have missed it for anything! But if you are looking for two dedicated women to take charge of an overnight PLEASE don't call Alice Hornie or Donna Rowe!

Once again, people are investing in better homes.

Pretty smart of them.

People buy bigger and better homes for lots of good reasons.

They need more room. They want a better neighborhood. They'd like a newer home—a home with more modern conveniences. And so on.

But the best reason for moving up is that a better house is a better investment.

The average person has few opportunities for investing money as sound as real estate. As the years go by, your home and lot appreciate in-step with the economy. And in proportion to your original investment. What's more, when you invest

in a home, you and your family can immediately enjoy the benefits.

If you've been thinking about moving up, right now is an ideal time to act. Money for home loans is flowing again. Interest rates are down. The selection is good. Prices are in line.

But the sooner you do it, the better. Higher building costs are adding about 5% a year to the cost of new homes. Waiting just one year could add \$1,000 to a \$20,000 house.

And population increases are raising the price of land. The population in the

San Gabriel Valley has doubled in the past 15 years. Further, more people diminish the selection of choice properties.

So why wait? If you buy now, chances are you'll pay less, get more for your money and you can start enjoying all the comforts of your new home in the bargain.

Your San Gabriel Valley Realtor can help you find out what your present house is worth and show you what's on the market in the neighborhood you like. He knows the area. He has the answers to your questions about taxes, financing, schools, etc. Put him to work for you. Today.

Driving Class Open To Public

A "Drivers Education Class," designed to improve driving skills and to assist in the renewing of a drivers license, will be sponsored by the Pasadena Department of Recreation. The course will be conducted at the Jefferson Recreation Center, 1501 East Villa St., starting on Tuesday evening, June 20, 7:30 p.m. and on Wednesday, June 21, 10 a.m.

The following topics will be covered in the five-lesson series: preparation for the written test — Dept. of Motor Vehicles; the driver's test, traffic habits; defensive driving techniques; advanced and expert driving habits, and the 300 new laws governing the adult and teen-age driver.

The classes are free and open to the public. However registration is required and may be obtained by calling the recreation headquarters at SY 3-9177.

Speaks To Young Republican Club

Senator John G. Tower of Texas, a leading contender for a place on the 1968 Republican presidential ticket, will make a major appearance before the Pasadena Young Republican Club, Friday evening, June 16.

The Young Republicans are hosting the Senator at a reception in the home of Mr. and Mrs. Dean Sweeney, 1245 Wentworth Ave., Pasadena. The reception will begin at 8 p.m.

Ed Nilson, YR president, said that Tower plans to deliver a major address, and will answer questions from the audience at the conclusion of his talk. Tower is currently serving a second term as a Texas Senator. Re-elected in 1966 by a 57 per cent margin, he is the only Republican to have served in such a capacity since Reconstruction days.

Senior Citizens Hold Meeting

Mrs. Ozella Lynn of Tazana, a former member, was a welcomed guest at the Senior Citizen's luncheon at the Park House on Saturday; also new member Mrs. Edna Fallor was extended a hearty welcome.

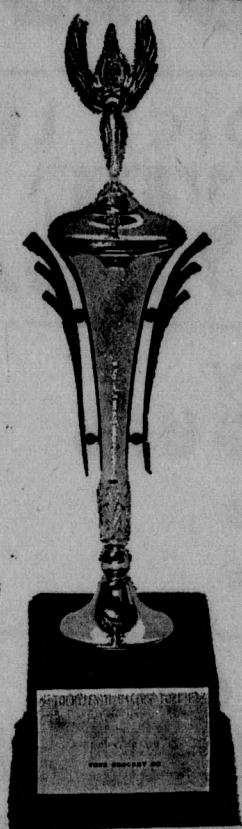

Vice president Minette Ring of Arcadia related her Flag experience on Memorial Day, when a gentleman rang her doorbell, informing her that he was checking on Flag Displays and that hers was the only one on display in a distance of one mile on each side of her home.

President Frances Gardner read an invitation for the club, from Mrs. Betsy Stevens, for Saturday, June 24, to a pot-luck in her garden. June birthdays will be celebrated at this time.

Hazel Cowart's name was added to the hostess list for June. Roland Ridgeway read a beautiful poem called "June" by Earl Hoover of the Santa Anita club.

There will be no meeting on Saturday, June 10 as the Park House and facilities will be taken over by the Kiwanis Club. However, many members will be present that day to enjoy the Pancake breakfast. Following the business session on Saturday, members adjourned to the British home to enjoy the big festival there and the Scottish dancing.

Mr. and Mrs. Charles Fried of 249 Auburn have recently returned from a six week trip to Florida. They flew out and returned by plane. The main purpose for their trip was to visit Mrs. Fried's brother and sister-in-law. While there, they had excellent opportunities to visit and see many of their long time friends from Yonkers, New York. Yonkers is this charming couple's hometown. Mrs. Fried said they enjoyed their stay and chance to see their relatives and friends after a long time apart.

New Officers To Be Installed For Sierra Madre-Arcadia Newcomers

New officers will be installed at the Sierra Madre-Arcadia Newcomers luncheon meeting on Tuesday, June 13, at 11:30 a.m. at a restaurant in El Monte.

Officiating at the ceremony will be past president Mrs. William Morris. Retiring president, Mrs. Stanley Beerman, will present the gavel to the incoming president, Mrs. E. Ferguson.

Other elected officers are Mrs. Charles Schwelmbach, who will be vice president, and Mrs. K. L. Klippel, the treasurer. Mrs. Roger Davis will be the new recording secretary and Mrs. Robert Kellas the corresponding secretary.

Reservations for the luncheon may be given to Mrs. Herb Pintard, 1300 Oakwood, 445-3859; Mrs. Dennis Mett, 1650 Wilson, 447-1178; or Mrs. John Jones, 1801 El Vista Circle, 355-2722, in Arcadia.

The couples bridge group will have a dinner party and an evening of bridge, on June 10, at 101 S. First Ave., in Arcadia. A social hour will begin at 6:30 p.m.

The bowling group completed their season with

trophy awarded to the top team of Mrs. Joseph Baiunco, Mrs. Thomas Pedersen, and Mrs. R. P. Zimmerman. Mrs. Baiunco also took home the trophy for high series with handicap.

Trophy for high game with handicap went to Mrs. Ted Francisco. Recognition for perfect attendance was accorded to Mrs. John Jones and Mrs. Donald Bradley.

Bowlers will continue meeting throughout the summer on Mondays at noon at 1020 S. Baldwin Ave., Arcadia. Mrs. Pedersen will be chairman of this group.

A joint board meeting of the retiring and incoming officers will be held on June 14, at 10 a.m., at the home of Mrs. Stanley Beerman, 5 Woodland Lane, in Arcadia.

The craft and daytime bridge groups will not meet again until September, but the golf groups will continue as usual.

Newcomers welcome new members Mrs. Barton La Fon, from Phoenix, Arizona, and Mrs. George Woodward, from Scarsdale, New York.

V.I.P. Travel

By
Margaret A. Ferguson
Sierra Madre News
Travel Editor

In your heart lives your dream of an island . . . a wonderland of abrupt green mountains, spilling toward the great living jewel that is the sea . . . of velvet valleys spanned by bridges of rainbows . . . the face of its beauty hidden by the mists, softly moved by the breath of winds . . . framed with leis of curling surf and sands of many colors . . . wearing the sky like a cloak, and clouds like a crown.

No two persons look upon it and see the same things, for no two persons dream the same dreams. But . . . this is the magic . . . This is your dream and it is real . . . yours to discover, and to prove . . . yours to live and to love. And as you live in your dream, your dream lives in you . . . forever.

By the time you read this I will have left for my dream . . . all of Hawaii. Some say Waikiki is too commercialized . . . but I love it anyway. To me, beauty lives in the clean

green tangle of the mountains over-looking the beach, the bright flower faces, the warm sun smiles, the deep night eyes, the sweet music voices, the cool wind hands, slim as bamboo.

The beauty of the Outer Islands, Kauai, Maui, Hawaii is worthy of the beauty of the islands' peoples. The richness and variety of Hawaii's land is only matched by the richness and variety of Hawaii's life and Hawaii's men and women. The leisurely grace and genuine warmth are traditional, and from the heart. The Aloha is the best part of the fascination.

I have not been to Hawaii for a year now . . . much too long away from friends. In that time new hotels have sprung up, not only on Oahu where Honolulu is bursting its seams, but also on the Neighbor Islands . . . and even Molokai, the island on which the Leper Colony of Mitchner's Hawaii was situated. In fact, the settlement is still there. Originally the Colony was situated at Kalawao, built in 1865, and the first patients arrived the following year.

Later it was moved to Kaulapapa where it still is in operation. The number of patients fortunately has dwindled to about 200. You may visit the settlement (which is completely isolated from the rest of the island by a huge 2500 foot cliff on one side and the ocean on the other) by taking a plane from Kaunakakai (as in "The Cockeyed Mayor of . . ."). For the 20 minute flight your companions are likely to be chickens, onions, the U.S. mail, laundry and fighting cocks. The community is much like any other rural Hawaiian village . . . wooden houses built on stilts, a cafeteria, a library.

You will be asked to sign a health release and no children under 12 are permitted. You will see Father Damien's Chapel, the inside of which still has the original statues and hangings the great priest had imported from his native Belgium.

You will still meet Sisters from the nursing order of nuns whose leader, Mother Marianne, came originally to help Father Damien, and whose order has been there ever since . . . nursing these victims of Hansen's Disease. And oddly enough, not one has ever contracted the disease.

Officials say this is one of the least communicable of diseases, but if you ever receive any mail from there, you may rest assured that it has been thoroughly fumigated before it left the island.

Blind youngsters will learn to play baseball and archery by sound, rather than sight at a very special summer camp in Malibu, operated by the Foundation for the Junior Blind, Los Angeles 43. The Foundation, a wholly non-profit organization, is currently seeking funds in order to give more than 500 blind children this unique experience.

Personals are \$1.25 and can be placed in an envelope and placed under the door . . . no name needed. No charges accepted.

Kiwanis and the Search and Rescue Team are sponsoring a community breakfast at the City Park, this coming Saturday morning from 7 a.m. to 1 p.m. Silver dollars will be sold for 89 cents and are worth a \$1.50 if spent on merchandise around town before 6 p.m. Wednesday, June 12.

A sufficient supply of anti-polio vaccine is coming in from the State and County Health departments. Fourteen district clinics have been set up as immunization centers.

Mr. and Mrs. Sam Perlof, owners of the Royal Drug Store leave Sierra Madre for a four-month tour of Europe. Their sons will accompany them. They plan to buy a Mercedes Benz while there and tour Europe in their car. They'll fly home from Paris and have their vehicle shipped over.

Twenty Years Ago:

June 5, 1947

Priscillas Annual Picnic will be held June 12 at 12:30. This year the place will be the home of Mrs. A. R. Porterfield at 214 W. Carter Avenue.

St. Rita's graduation will be held June 12. Father Leo Scheibel made the announcement that it will be at the church at 7:30 in the evening. The occasion will mark the closing of the school year.

The use and operation of public incinerators were ordered unlawful by the Board of Supervisors. This is another preventative step to eliminating smog.

The sales at Solury's Market are for: spiced whole cling peaches, spiced crab apples, spiced seedless grapes, shoe string beets, diced carrots, russet pears, and cut wax beans.

In the classified section there's two outstanding ads. Lot for sale at 646 Orange Drive, in Sierra Madre for \$150. A nice five room house to rent, and it's well furnished, for \$15 per month. Goat for sale, good milking animal, a registered Saanen, long and heavy milker. Contact the owner at 646 Orange Drive.

Associated Chamber of Commerce of the San Gabriel Valley will gather at the West Covina Woman's Clubhouse to hear Governor Frank Merriam speak to them on events of the recently closed session of the state legislature. President R. C. Lewis of the local Chamber will lead the Sierra Madrean delegation.

Fifty Years Ago
June 8, 1917

Red Cross Week has been called by President Wilson to help support the war effort in Europe. Any contribution, whether financially or in service to your fellow countrymen, will help relieve the exorbitant difficulties being faced by the Red Cross in trying to maintain and provide their services.

Reverend Wilson arrives Friday, June 15, to fill his calling to the Sierra Madre Congregational Church. A large delegation is expected to meet him when he arrives on the limited train.

Miss Nina Coral Kellogg, whistler, and Miss Helen Williams, reader, will give a concert on the evening of Friday, June 22 at the Woman's Club House. No further mention need be made on the ability of these two talented young ladies, for their past performances speak for themselves.

Thomas S. Hubik On USS Askari

Shipfitter Third Class Thomas S. Hubik, son of Mr. and Mrs. Louis E. Hubik of 320 Toyon Road, Sierra Madre is serving aboard the landing craft repair ship USS Askari while operating as a unit of River Assault Flotilla One in Vietnam.

Flotilla One is operating with the U.S. Army's 9th Infantry Division. Their primary mission is to keep the main shipping channels to Saigon clear and to move troops and supplies into operational areas of the swampy delta areas known to Vietnamese as the Forest of the Assassins.

Crewmembers of the Askari have the difficult job of outfitting, maintaining and keeping operational the various types of small, heavily armored gunboats used in this operation.

Miss K. Buckner Among Graduates

On Sunday, June 11, Katharine Buckner, daughter of Mr. and Mrs. Foster Buckner, residing at 702 Manzanita Ave., will be graduated from Verde Valley School, Sedona, Arizona, a college preparatory school founded in 1948 by Mr. and Mrs. Hamilton Warren to promote responsible citizenship and intercultural understanding.

In its unique program the school includes annual study trips to Mexico and the southwestern Indian reservations and offers a course in anthropology.

Mosquito Fish Available For Owners of Fish Ponds

The annual supply of mosquito fish is once again available to home owners from several local cooperating agencies, announced Dr. G. A. Heldbreder, County Health Officer, who added that the little fish are greatly in demand to control mosquito breeding.

Mosquito fish, also known as gambusia affinis, will be supplied in quantity sufficient to stock ornamental ponds and pools or any other body of water on private property where mosquitoes may breed.

Mosquitoes need water in order to complete their life cycle. They lay their eggs on the surface and then proceed to go through their various stages of life cycle in this aquatic environment. After a period of approximately ten days or two weeks, the adult mosquitoes emerge and begin the search for a blood meal.

The fish are surface feeders and eat the mosquito wigglers as they surface to breathe. They are probably one of the most effective means of controlling mosquito breeding.

If you need mosquito fish,

bring your own wide-mouthed one-gallon container to Los Angeles State and County Arboretum and Botanic Gardens, 301 N. Baldwin Ave., Arcadia, Monday through Friday, 8 a.m. to 4:30 p.m. and Saturdays until noon.

Stagnant water in buckets, cans or other receptacles that can hold water make ideal breeding places for mosquitoes, Dr. Heldbreder warned, and all such containers around the home owner's property should be emptied. Water in bird baths should be kept fresh.

Fish can be given only for mosquito control purposes. They live in a more or less natural state such as an outdoor fish pond and do poorly in aquariums. Children under age 16 will not be supplied with them unless accompanied by an adult.

Justo Caffi Receives S.M. C. of C. Award

Corporation is the first man to be so honored and presented with a plaque by the Sierra Madre Chamber of Commerce as its regular meeting Tuesday morning, June 6.

The plaque, presented by President Delahoe, stated in part: "A community service award, presented to Justo Caffi, in recognition of his contribution to student education through Cable TV by the Sierra Madre Chamber of Commerce."

It was early this year when H. and B. Communications Corporation gave Manager Caffi the go ahead for free installation and use of the "Cable" in all Sierra Madre public and parochial

schools, thus allowing students to receive fabulous reception for all educational programs chosen by the teaching staff. To the Sierra Madre Chamber of Commerce this was a great step forward in helping the future generation, who will eventually be the ones to take over the operation of our city.

Manager Caffi is a professional businessman. During his life span has been banker, realtor, musician and a master of tri-lingual speaking. He entered television in its infancy in South America, back in the early 1950's.

Argentina born, son of Dr. Augusto Caffi, member of a very respectable family in Buenos Aires, Justo came to the United States in the year 1962, after the completion of a master antenna television system at the Governmental Residential Mansion of the late president Dr. Guido.

Upon his arrival in the United States, Caffi joined the Wally Dean TV-UHF system in Hollywood and was put in charge of the Latin American Department. Later he joined the H. and B. Communications Corporation of Beverly Hills and on January 1, 1966, was sent to Sierra Madre to take over management of this installation, replacing Ray Harris, who was transferred to Prescott, Arizona.

Justo Caffi, with wife Elisa and 11 year old son, have become a very important part of our city, having shown great concern with the progress of the city, and the entertainment field for its citizens. His management and untiring work has perfected the viewing of television for over 1600 subscribers to the system. Further, he has made great strides in joining West Arcadians with the system and is currently working on bringing Cable TV to all Arcadia.

It is indeed an honor to be Sierra Madre's first individual citizen to receive the citation from the Sierra Madre Chamber of Commerce, and Justo certainly deserves it. We look forward with great anticipation to the next award which will soon be made.

Mr. Wilbur Bell, president of the Pasadena Tortugas, will speak briefly on the Tortugas activities and show color slides of the club's diving trips.

The evening of entertainment is open to the public free of charge; however, reservations may be obtained by calling the recreation headquarters, SY 3-9177.

Police Officials Present the Truth About LSD and Possible Side Effects On Users

—THOMAS REDDIN
Chief of Police
City of Los Angeles

Although much has been published elsewhere about LSD, the Sierra Madre News, as a public service, will present a series on the drug, its uses and consequences.

Although we would like to think that we, in this community are not affected by people using this drug, past records show that this is not the case. Several residents and ex-residents of this community have been arrested for use and possession of LSD or similar psychedelic drugs and our local police force is ever mindful of the widespread use of the drug. To help control drug usage an excellent training bulletin has been issued to them.

The material to be presented is from Sierra Madre Police Training Bulletin 13, and is reprinted from material of the Los Angeles Police Department. It will be prefaced by Police Chief Thomas Reddin.

INTRODUCTION

After nearly 20 years of clinic research and 2,000 published papers in scientific journals, the therapeutic value of LSD is very much in doubt. Its action on the body and nervous system is not yet fully understood.

From all documented evidence now available, it is clearly evident that the clandestine use of LSD can have disastrous consequences. Responsible members of the medical profession have joined with law enforcement officers in urging all to refrain from the indiscriminate use of LSD.

This booklet has been prepared from documented sources to answer your question regarding LSD.

Camp Bloomfield, in the Malibu Mountains, operated by the Foundation for the Junior Blind, will be the site of fun and adventure for over 500 blind boys and girls this summer, as they enjoy a resident camping experience designed to make their childhood happier and their future as young adults richer and more independent.

What Is LSD?

LSD is lysergic acid diethylamide-25, or "acid" as it is popularly called these days. It is a potent hallucinogenic or psychedelic drug.

What Is Its History?

In 1938 Dr. Albert Hofmann, a biochemist at Sandoz Laboratories in Basel, Switzerland, was the first to synthesize LSD. At that time, his firm was particularly interested in the ingredients of a dark purple fungus named ergot — which had spoiled rye fields during a wet European summer. Dr. Hofmann took up the study of one of ergot's constituents, lysergic acid, and made a series of new compounds from it, including diethylamide of lysergic acid. On an April afternoon in 1943, Dr. Hofmann was attempting to separate LSD from its isomer when he accidentally inhaled an infinitesimal amount of the new compound. He recognized its perception-altering properties and repeated his intake

a few days later to confirm his findings. (1)

Doctor Hofmann documented his discovery in several medical journals. Harvard Professors Timothy Leary and Richard Albert, intrigued with the mind-altering properties of LSD, carried on with the research using students as participants. The bizarre effects and wild rehabilitative claims of the apostles of the drugs were quickly picked up by the news media and the corresponding attention given. (11)

Work of Assessor Explained In Book

A pamphlet explaining the work of the Assessor's Department is now available for public distribution. County Assessor Phil Watson has announced.

The pamphlet, titled "For the Property Owner Who Wants to Know," provides easy-to-understand answers to taxpayers' frequently asked questions. It will be available at all public counters in the Assessor's Department Hall of Administration offices and all Assessor's regional offices, or may be requested by mail.

The booklet was produced by the Project Development & Review, Section of Assessment Standards Division.

Message for Young People

The governmental system of the United States was originally dedicated to the proposition that the freedom of the individual was of paramount importance and that with due regard for the rights of others, he should be left free to manage his own affairs and profit from his abilities.

All we have to do is look around us to realize that this way of doing things has been an unparalleled success. Our whole system depends on maintaining opportunity for the individual, and it depends on individuals who wish to pursue that opportunity—to compete, to work, to build and to create the things that add up to the material wealth of our nation today. Many people are concerned that our affluent society is not producing enough of the kind of individuals among our young people who will carry on in the challenging competitive atmosphere so essential to the productive accomplishment of our economic system.

A Harvard Business School survey has indicated that only 12 percent of today's college students plan to go into business as a career—88 percent were disinterested. Many of them seem to feel that business does not offer a challenge, that it is boring. One typical view being, "Business isn't where the action is." Commenting on this, a well-known industrialist, F. Rockwell Jr., observes: "Youth says that it wants more than business can offer. It wants a challenge. At the same time, youth says that it doesn't like the competitive nature of business life. Somebody needs to tell these young people that 'challenge' and 'competition' go together by definition of the words themselves. And perhaps we all need to do a better job of telling youth about the tremendous contributions to a healthy and dynamic society made by business every day of our lives." In conclusion, he expresses the opinion that a more determined effort should be made "... to show the adults of tomorrow that business has much to offer to those who have something to give."

The future belongs to the young people of today. Nothing could be more vital than that they understand, support and work to preserve the private property, free enterprise, economic system on which their well-being and political liberty depend.

Common Sense Policies

In the interest of public health, it is imperative that an informed public opinion help formulate wise public policy which will encourage rather than cripple the ability of the pharmaceutical industry to continue its programs of research, testing and introduction of new drugs and treatment procedures. In considering the long run wisdom of public policy, a number of facts about the pharmaceutical industry should be kept in mind.

First of all, the products which the industry has developed in the past 20 years have been instrumental in revolutionizing the science of medicine in terms of its ability to cure the illnesses and diseases that plague mankind. Research now underway is directed to finding means of controlling major life-threatening illnesses which remain unchecked. Improved health and alleviation of suffering are the business of the research-based pharmaceutical industry. Yet, the people's confidence in the integrity of the industry has tended to be undermined by vocal and largely unwarranted official criticism of its pricing policies. Despite increasing research, testing and development costs, the fact is that prescription drug prices reached a new average low of 90.6 percent for 1966—9 percent below the 1957-59 base period. Proposals to cut prescription costs by requiring the use of generic rather than brand name drugs have all too often overlooked the fact that the company that puts its trademark on a pharmaceutical product also puts its reputation on the line and that this has been one of the primary guarantees of product quality.

Source of a Free Press

No country has a press equal to that of the United States. The 10,000 smaller newspapers scattered over the length and breadth of the land represent a body of independent thought that is indispensable to the preservation of our economic and political liberty.

When the suggestion was made recently that the best interest of consumers might be served by more stringent regulation of advertising, no great imagination was needed to see the connection between restricted advertising and press censorship.

The close relationship between advertising and the free press was presented recently by C. B. Dyke, writing in the Fairmount, N.D., Star. In his words, the home town newspaper reader "... wants his weekly to tell him about his friends, going and comings, births, weddings, all sorts of local happenings and the neighborhood gossip ... But he also wants to see what the local merchants have to offer in advertisements ... It costs money to put out a newspaper. Just like it costs money to run a grocery store, service station, garage or cafe ... The major income is derived from advertisers ... Everyone knows that 'Jones' has a store in town, but they also like to see what he has to offer in his ad." Active advertisers are the foundation of the free press. This is why freedom of the press, freedom of enterprise and the unrestricted right to advertise will all sink or swim together.

Be a Bacon Saver

As one reads the newspapers from all over the country, it is increasingly clear that people are becoming more tax conscious. Taxes are variously estimated as taking from one quarter to one third of the average family's income. More people are wondering how much of the rest of the world we can continue to supply with money and products while at the same time we are fighting a war and setting up a welfare state at home. It is becoming clear to more people that when we demand gifts, grants and aid from federal and state governments, we must pay the bill out of our own pockets via taxation.

There is one way to save our bacon—curb our own demands and vote "no" on men and measures that require the spending of tax funds beyond government's normal increase in tax revenue that accompanies the growth of the country. Only in emergencies involving national security should major exceptions be made. In the long run, government is no different than a family. It will wind up bankrupt if its members follow a spendthrift course. The country needs officials who will stress this fact.

by
DR. HENRY V. WITTY

Management of this newspaper is not capable of answering questions to this column; however letters to the editor will be published.

Our soldiers have urged that someone get word through to the American people. That word is contained in this message. "Someone" is everyone who reads these words and then stands up and says, "I am getting angry and I am going to do something about it!"

Murder is defined in old English law as the killing of a person secretly or with concealment. Technically, men who die in battle are not victims of murder. But what do you call it when a government sends its youth into combat and then assists the enemy?

While not supplying the enemy in North Vietnam directly, the United States is giving aid to and trading with Soviet Russia and our "allies" who are supplying the enemy (What's the difference?)

The people at home and the boys in Vietnam would like to know:

1. Who in Washington (or in the United Nations) has been ordering U. S. planes not to bomb important military targets?

2. Why are enemy supply lines permitted to remain open? (We know this allows more Americans to be killed—but why?)

3. Who is handing down orders for highly dangerous but ineffective missions such as dive-bombing at night in strange mountain territory? (U. S. News and World Report, 10-31-66).

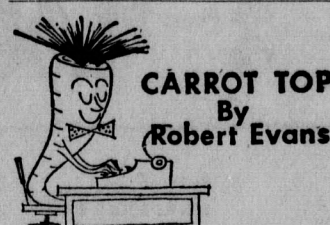

4. Why does Vietnam's great military leader, Le van Vien, remain in exile, when he is recognized as the most capable man to lead Vietnamese troops to victory? (Background to Betrayal)

5. Who in the Senate or in the State Department is covering for Soviet Secret Police who operate within the C.I.A. and other agencies of the U. S. Government ... when it is known to Congressmen that these espionage agents have been identified to the C.I.A.? ("Imperial Agent—the Golenewski-Romanov Case").

6. Why have the American people not been informed that our government has signed a treaty which commits the United States to submit all battle plans and all military secrets of the war in Vietnam to the United Nations' Undersecretary for Political and Security Council Affairs? The Russian Communist holding this post at the present time is Alexi Nesterenko. Mr. Nesterenko resides in New York City and is actually the military staff commander of the United Nations. Meanwhile, the question might well be asked—who are the U. S. Cong. co-operating with Nesterenko?

We read about ... hospital beds where boys in their teens stare at walls and think of home ... Unmarked graves in the middle of Asia ... What does the future hold for these unknown dead? ... Teenagers with stumps for arms or young men in their twenties in a world minus their sight. Nevertheless, these boys desperately want to defeat the enemy.

Should anyone feel sorry for the profiteers or for those who give comfort to the enemy if they were tarred and feathered by mothers and wives who have

little more spending money or have a little longer time to spend that which I had.

I brought this to my boss' attention, and he was real sympathetic about all of this and told me that "money was just the root of all evil," and that a young man with great lengths of time on his hands often found himself in great trouble.

And that he had been looking for just such an industrious chap as myself, so instead of insulting me with a raise in pay, which he assured me would only be a small pittance to what I was really worth, he was going to make me the 23rd Vice President of the company.

Gee, you know I was completely thrilled to death ... He even gave me a handwritten note in his own handwriting that said ... This Certifies that R. Robert Evans is 23rd Vice President."

Of course, after some years I left the company, and it was not until some ten years later that I happened to return to that city and go up to see my old boss ... He had just completed the ceremonies of making his 416th Vice President.

You know, that man with a minimum of effort and very little cash made a lot of young people happy ... I'll never forget it.

Alright, here is a closer for you. "One of the things that hadn't been said about the Johnson Administration was that its Commerce Department is suffering from a split-personality syndrome and a billboard schizophrenia. ... Every time the Commerce Department's Economic Development Administration is busily putting up road signs to plug its projects, the department's Bureau of Public Roads is just as busily drafting regulations to eliminate them. They should get together, I hope, I hope, I hope."

by Joseph Delgatto Sr.
SUMMER WHITES and light colors show up dirt, graying and stains more readily than darker clothing. They need more frequent cleaning to look fresh and crisp. Spots and stains are especially evident on light colors.

Here we want to say a friendly word of warning about "home spotting." While some spots may yield to home treatment successfully, without damage to the fabric, in most cases there is a definite risk. Unless you thoroughly understand the "fabric chemistry" or your garment and the chemical content of the spot or stain, it is dangerous to attempt to remove it yourself. The result could be discoloration or permanent staining — and a ruined garment.

Some stains are so stubborn or difficult to remove that they challenge even the best efforts of dry cleaning experts. This is particularly true when stains have been left in too long. So don't gamble with inexpert "do-it-yourself" methods. See your dry cleaner promptly!

Speaking of promptness ... you can be sure of fast ... as well as expert service when you bring us your clothing to be cleaned. Personal attention is our way of doing business! Free moth proofing on everything we clean.

Arcadia Tri-Deltas Present 'Lady Bug' To Girl's Club

Mrs. Roger Garretson of Arcadia, representing the Arcadia Area Alumnae of Delta, Delta, Delta, recently presented Mrs. Lindy DeWit, executive director of the Pasadena Girl's Club, 3160 E. Del Mar, Pasadena, with a large fiberglass climbing toy, quickly nicknamed the "Tri-Delta Lady Bug."

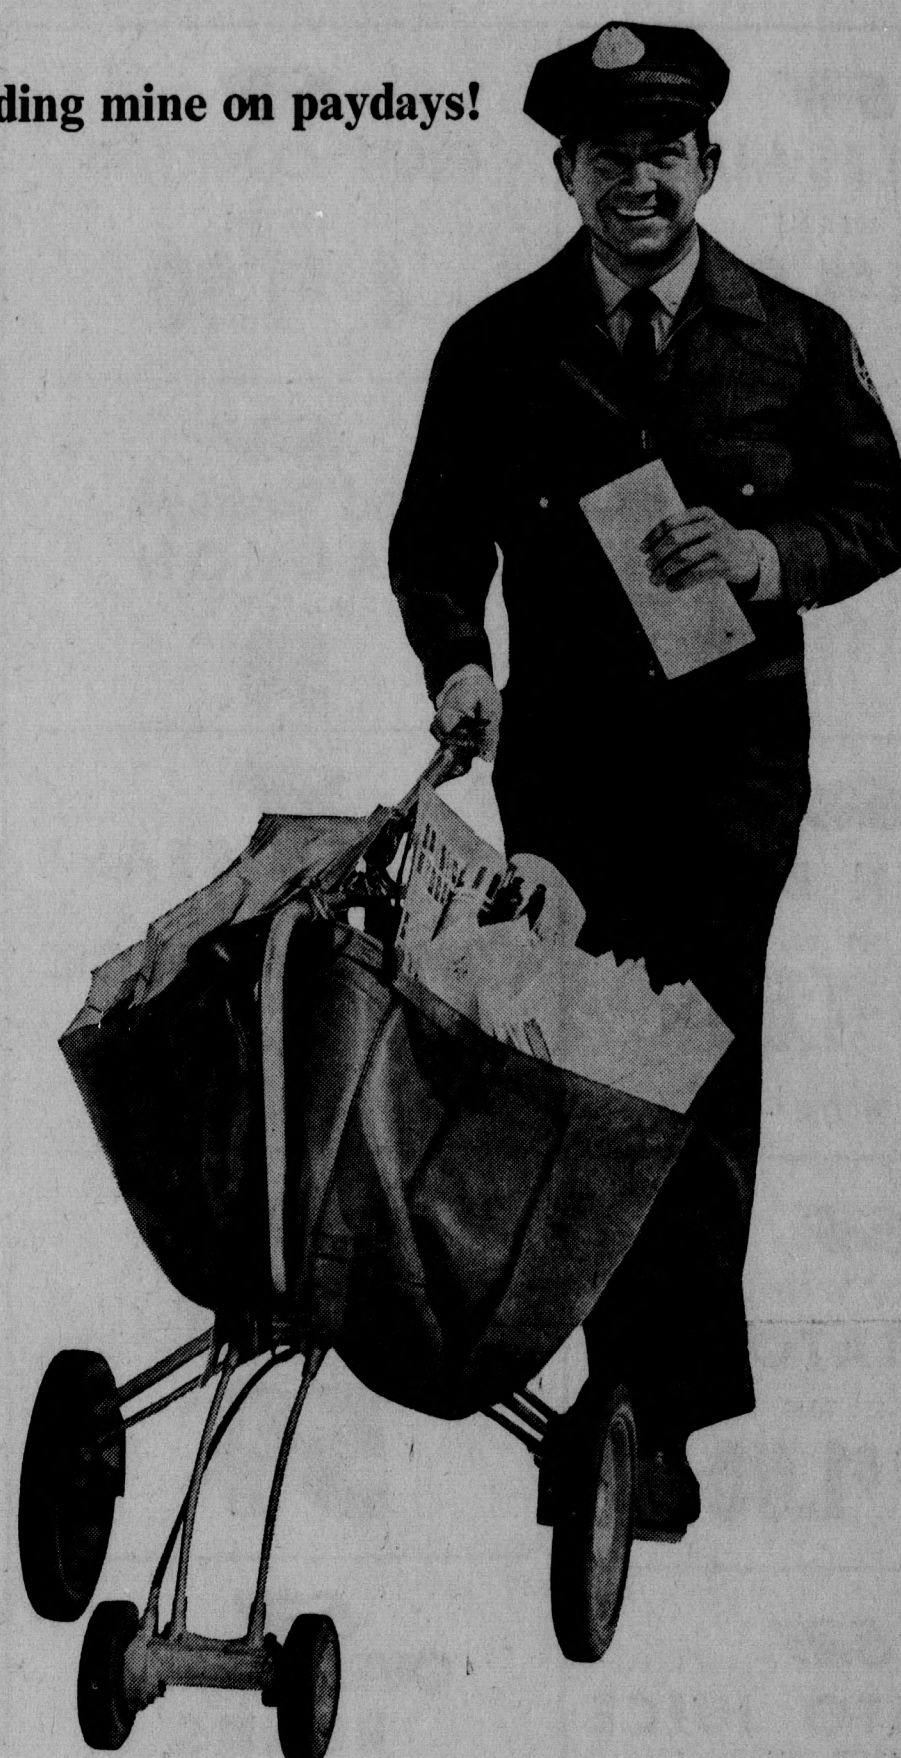

Large enough for five or six children to play inside, the "Lady Bug" is a converted rocket painted to look like a giant size lady bug, and will provide entertainment for the members of the Pasadena Girl's Club, which serves the entire San Gabriel Valley as an educational and recreational center for girls from six years of age, through high school.

Funds for the "Tri-Delta Lady Bug" were raised by the Arcadia Alumnae last fall at their annual "Talent Auction," under the able direction of Mrs. Garretson, service projects chairman for the group, and her assistants, Mrs. James Clifton of South Pasadena, Mrs. Lawrence G. Atkinson, of Arcadia, and Mrs. Jerry Asher of Sierra Madre.

Tri-Delta Alumnae created everything from Japanese flower arrangements to homemade cookies and paper-mache figurines to be sold to the highest bidders at the auction.
